

DIRECTIONS

Langafel Primary School, DA3 7PW

The school entrance is just after the traffic lights on the main road. The car park gates will be open.

You can park anywhere in the front car park. Turn left and head through the green gate onto the playground (as pictured)

Turn right and head down the playground, to the green gate on your right. You will go past the hall on right and swimming pool on left.

Go through the green gate on right and walk through the play area and head to doors on your left.

Enter the building through the white doors (they are red in this picture) and the gym is on your left. There are toilets on the right if needed.

To exit:

There is a one way system, so you have to follow the car park along to the right and wait just before the gates. The gates will open automatically. **THEY OPEN INWARDS** so make sure you are not too close.
